**17.40 Arrival and registration: (Tea / Coffee available)**

**18.10: An Introduction to In-Line Invisible Orthodontic Splints** – Nick Partridge, Sales Manager, Rasteder Orthodontic Laboratory (UK Office), explains the basic features of the In-Line splint system and how it differs from competitive systems.

**18.25: In-Line Laboratory Technology** – Monika Gruebnaeu, Senior Technician of Rasteder Orthodontic Laboratory, explains how In-Line splints were made using traditional laboratory techniques and the state of the art techniques behind the production of New Generation In-Line splints. An opportunity to examine which cases can be effectively treated using the In-Line system

**19.00: Questions and Answers / Presentation of CPD Certificates**

**19.10 Tea and Coffee Break**

## **CDC Power Seminar: The Telescopic Over-Denture**

**19.30 The German Telescopic Crown** – Bernd Torke, Master Dental Technician and Director of the Co-operation for Dental Comfort explains about the telescopic over denture. Although largely unknown in Great Britain, this dental technology is commonly used in Germany and offers a considerable cost savings over implants and considerable performance advantages over standard dentures. The presentation will include a step by step guide to preparing a patient for a telescopic over-denture.

**20.00 Suitable Cases for Treatment with Telescopic Over-dentures** – A question and answer session examining which sorts of cases are particularly suitable for treatment with telescopic over-dentures with Reinhard Helbig, Master Dental Technician and Director of the Co-operation for Dental Comfort.

**20.25 Presentation of CPD Certificates**

**20.30 German themed dinner in the Wimpole Room**

**Cost £79.95 per delegate**
